| <input type="checkbox"/> Governance <input type="checkbox"/> Community development <input type="checkbox"/> Rural Urban linkages | |
| Additional keywords: (up to 3) Renewable energy sources | |

OBJECTIVE

Initial position / background / local context of the proposed project (max 800 characters)

The starting situation or local context in which the projects is going to operate

The project is focused on cooperation activities serving the development of the area. The tasks carried out under this project will contribute to raising the environmental awareness of the inhabitants of the area of Polish LAG "Przymierze Jeziorsko" and LAG "Podkowa" (including those from disadvantaged groups). Their knowledge of climate change and innovation in renewable energy will also increase.

Proposed objectives / target group and activities (max 800 characters)

The main goals of our project are: education as an element of building pro-ecological attitudes and increasing the knowledge of the inhabitants, in particular in the field of environmental protection, climate change and innovation.

Activities that we envisage as part of the project implementation:

- study visit to the partner,
- good practices in the use of renewable energy sources in business / by public institutions / associations / farmers,
- theoretical and practical ecological workshops with elements of small business, including writing a business plan,
- examples of beneficiaries who established or run companies that apply ecological solutions,
- the possibility of a personal meeting and conversation on topics increasing awareness and knowledge in the field of ecology with the beneficiaries in the place of their activities.

Target group: entrepreneurs, representatives of local government units, NGOs, farmers.

Country and /or kind of partner you are looking for (ALL EU in case the interest is on any EU country)
